

FULL OR LOW, LEVALERT LETS YOU KNOW.

In one quick glance, know the level of material in your bin.

Remains black when material is below indicator

Rotates to yellow when material is at or above indicator.

TOP BENEFITS

Stay Safe

Know your bin levels from the ground. Avoid climbing dangerous bin ladders and stairs

Planning Aid

Install indicators to provide a signal on when to stop filling, order product, turn on a motor, etc.

Dependable

You can trust our bin level indicators to work all of the time, in even the harshest of conditions. **5 YEAR WARRANTY!**

IMPORTANT FEATURES

Highly Visible

Premium 3m reflective indicator easily visible day or night from over 300 feet.

No Electricity Needed

Completely mechanical operation. Automatically resets.

Easy Installation

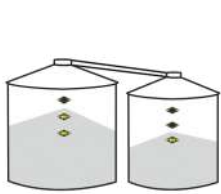

Install our bin level indicators in under 5 minutes from the outside of the bin.

PREMIUM MATERIALS

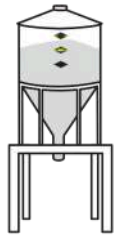

- 1 Corrosion resistant, UV stable, high strength plastic components. *Won't fade or crack and lens won't yellow!*
- 2 Moisture-proof bin seal. *Seals indicator to the bin!*
- 3 Premium 3m reflective indicator. *Easily visible from over 300 feet!*
- 4 Hermetically sealed lens to body. *No condensation.*
- 5 Activator frame secures tight to bin wall. *Material doesn't accumulate behind activator.*
- 6 Wear resistant Teflon coated fabric used for the activator. *Reduces abrasion and provides years of problem-free use!*
